A  
Brighter  
Tomorrow**

### **What Is CMC ?**

CMC means Community Mobilization Center. CMC means Aid and Information for our neighbors. CMC means somebody cares about your problems. CMC means, if we work together, life can be easier for you and your family by using public and private agencies and services.

### **How Can We Work Together ?**

**Answer**  
If you or your children or a friend have a problem (any problem) come visit us. Together, we will solve it. First, we'll talk about the problem. Then, we'll take some real action. Last, we'll check with you to make sure you are happy with the solution.

### **Rights Are Not Favors !**

Whether it is unemployment benefits or medical help or welfare needs or any of the many, many services you can get, these are set up for the use of the public. These are your rights. All of the Agencies recognize this fact. You **will not** be asking for a favor.

## **Do You Need A Job Or Training ?**

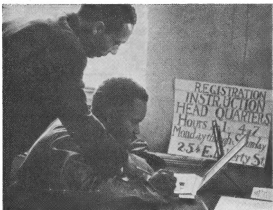

To be without a job is a bad problem. Many of the old jobs have just disappeared. This is a national problem, too. Come on around to the center! Let's look for a job, together. Maybe, with just a little more training you can get one of the new jobs.

## **Are You Forced To Live In A Run Down House ?**

Heck no! Poor heat? Leaky plumbing? Basement stink? Leaky roof? Missing windows? Cracks in wall or ceiling? If your living is made uncomfortable by any of these things, the law says they have to be fixed. At the center, we'll help you to file a complaint to the City.

## **Why And How You Should Register TO VOTE !**

Unless you vote, there is no hope. How much does it cost? NOTHING! During the course of a year, how much time does it take? No more than the time it takes to go to one movie theatre. What will it mean? New pride! New respect! New power! Let's talk about it at CMC.

## **Do You Need Money and Family Help**

To hit a rough spot and need money and help is nothing to be ashamed of these days. It's happening to some of the biggest companies. What would be a shame is if we let our families go without when we have bad luck. How are things with your family? Good? If so, that's great. If not, let's see what can be done.

## **Where To Get Bail Money and Legal Aid !**

An arrest does not make a person guilty. The law says you are innocent until you are proved guilty. People should not have to sit in jail unless they are convicted and they should have good legal help to protect their rights under the law. CMC will show you how to get bail money and legal aid when it is necessary.

## **Do You Know: How, Where and What To Buy ?**

There is an old expression: "A penny saved is a penny earned". Any one who has a family has had to learn to cut corners. You know some tricks. We know some short cuts. Our other neighbors have some ideas. Now, all we have to do is get together at CMC and share with each other. Then we'll be able to save dollars instead of pennies.

## **What About Summer Fun For The Youngsters ?**

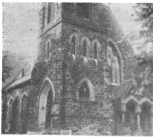

By the summer of 1965, CMC hopes to provide a way for as many of the children in our neighborhood to earn a trip to summer camp as possible. Also, we are planning to have activities

for the kids throughout the summer. Summer can be fun. Or summer can be boring, dangerous and troublesome. Let's make it fun!

## **Will We Work With You On ALL Of YOUR PROBLEMS ?**

We sure will? Things are bound to come up that we have not talked about here. When they do, let's sit around and solve them. We might not have the answers to all your problems, but we are going to darn sure try!

## CMC—Working With The Church And Other Organizations

CMC is a part of our neighborhood. Many of the people at the Center

were born in our section of Newark. Everyone at CMC is your friend and neighbor. We will work closely with the churches, schools, social clubs and other organizations in our neighborhood. By helping each other, it is certain that we can overcome many of the problems we have.

### Together, We Can Make A Brighter Life For Her

Tomorrow is the day unused. We can use it or abuse it. CMC knows you agree we should use it. For, if not now, when? Let's put knowledge in her mind. Kindness in her heart. Pride in her spirit.

And a smile in her eyes. Together, we can.
